THE STRICKEN CITY.

Ellensburg's People are in sore need of
Assistance.

THEIR LOSS IS TWO MILLIONS.

The Blow Relatively Greater Than That
Suffered by Seattle.—The Conflagration the Work of an In-
dian's Revenge.

ELLENSBURGH, W. T., July 5.—The
city presented a sad spectacle this morn-
ing. Where long blocks of business
houses stood yesterday, nothing remains
but ashes and smoking embers. Scores
of new brick blocks in process of erec-
tion suffered the same fate as other
buildings. The only four remaining
untouched are Moffit's hotel and the
Nash, Howgan and Smith blocks, which
were saved by being some distance from
the conflagration.

walls, and thieves from pilfering.

AN INDIAN'S REVENGE.

The origin of the fire is supposed to
be incendiary. J. S. Anthony, in
whose building the fire started, says he
left his store at 10:15 P. M., had used
no fire or light excepting the electric
light, and thinks the fire was started by
an Indian in revenge for a white man
beating his squaw.

Residences have not been included in
the above list.

President Hoyt, of the constitutional
convention, telegraphs Mayor Abrams,
proffering assistance. Assistance is cer-
tainly needed.

While the loss is terrible for a city of
4000, the citizens maintain a cheerful
disposition and are determined to build
more substantially than ever.

The fire exhausted itself after burning
five hours.

Two hundred houses were totally de-
stroyed, and the space burnt over is ten
blocks, or about fifty acres.

The loss, as far as can be ascertained,
is \$2,000,000—\$750,000 in buildings and
\$1,250,000 in goods.

There is not a restaurant, hotel or
boarding house left, and there are about
150 people destitute.

WORSER THAN FIRST REPORTED.

ELLENSBURGH, W. T., July 5.—Let-
ters of sympathy and proffers of aid
have been coming in all day, and this
afternoon Mayor Reed, of North Yakima,
arrived with a carload of provisions and
\$1000 in money. These kind offers of
the generous public have been thankfully
received, and, while the most hopeful
thought of our citizens might be able to
get through without assistance, contem-
plation of the terrible calamity convinces
them of their error.

They have had time to visit the de-
serted homes and places of business,
and find the losses even greater than at
first reported.

While the losses foot up about \$2,000,
000, the insurance is not over one-fourth
that amount. Those who visited Seat-
tle after the great fire, say the burnt
district here shows greater destruction
of property in less space.

The citizens' committee made a can-
vass of the city this afternoon, and
made temporary provision for care of
the sufferers. The more fortunate are
throwing the doors open to the unfortu-
nate. The same committee have ar-
ranged to give work to all who desire it

in clearing wreckage from lots and
streets. Those refusing work will be
requested to move on.

A special meeting of the city council
was held this evening to take action re-
garding the fire limits and the character
of the buildings to be erected therein.
It was the unanimous sentiment of the
council that the present limits be main-
tained, and nothing but iron, stone and
brick be used in the construction. The
determination is to make the future
Ellensburg as near fire proof as possi-
ble.

Household goods, which had been
scattered from one end of the city to the
other, have been collected by special
police and placed in the court house
yard, where the owners call and secure
them. This method preventing pilfer-
ing.

J. B. Fogarty, general merchandise,
has resumed business in a tent. Fortu-
nately he had two cars of provisions on
the way which arrived today.

The Lloyd Mercantile Company will
also resume business in a few days in
the new city hall.

Nelson Bennett's agent, E. Wilson,
goes to Tacoma tonight for goods and
will resume.

The Odd Fellows have called a meeting
for tomorrow to take action in regard to
building at once. The Masons will do
the same.

Snipes & Co., bankers, who had the
finest cut stone building in the north-
west, are awaiting the cooling of the
walls to get into their vaults, and will
resume business in temporary quarters
in the National bank building.

Brick masons will resume work tomor-
row on all unfinished buildings, and
finish them as soon as possible.

The same spirit prevails among all
classes, and all who are able, and those
who can borrow money, will build.

The postoffice, which was burned, los-
ing all the boxes, has improvised boxes,
and moved into the Lynch block this
morning.

The Western Union Telegraph office,
which burned with the Ashler hotel,
opened an office in Carruthers' lumber
office, and is jammed with commercial
and press business.

A. S. Holbrook, real estate dealer
when the fire was burning in the Ashler
hotel, entered the building to arouse the
guests, and in attempting to return
found that his egress was cut off by
flames, when he jumped from the third
story window and was picked up fear-
fully burned and bruised.

A crowd is collected on the spot form-
erly occupied by the Bull block, exam-
ining the bones of what, it is supposed,
were the remains of one of the guests.
They are so badly charred that physi-
cians are unable to determine them.

A strong patrol will be kept up to-
night, and extra precautions taken
against further incendiary.

CONDENSED TELEGRAMS.

It is now ascertained that at least one
person perished in the Ellensburg fire,
last Thursday.

Two masked men robbed the Lake-
view and Linkville stage near Keno
Springs Sunday.

Mayor Miran, of Seattle, was re-elec-
ted Monday, by a majority of 553. J. C.
Mitchell was elected chief of police by a
majority of 24.

Charles Reavis, who shot and killed
Deputy Sheriff Wren, at Visalia, Satur-
day last, was himself shot and killed
near that city, Monday.

Duluth had a big strike last week, and
before it was settled, three of the strik-
ers were killed by the police. Several
policemen were injured by the mob.

On Sunday last, the town of Bakers-
field, Cal., was visited with a disastrous
conflagration, which destroyed a large
portion of the town. The loss is esti-
mated at \$1,250,000.

Sullivan and Kilrain had their fight in
Louisiana near the Mississippi line, on
Monday, Sullivan winning in seventy-
five rounds. Kilrain fought a dodging
fight, going down almost continually to
avoid punishment. In the forty-fifth
round, when Kilrain was down, Sullivan
deliberately jumped on him with both
feet, a cowardly and brutal act which
should have given the fight to Kilrain
on a foul. The fight was for \$20,000 and
the championship of the world.

TWO CLOUD-BURSTS.

Another Johnstown Flooded by a Deadly
Freshet

AND A NUMBER OF LIVES LOST.

Railroads Washed Out and Much Prop-
erty Destroyed—Great Damage
Also Reported in New
Mexico.

JOHNSTOWN, N. Y., July 10.—The
water which came up over this village
last night subsided this morning, but
left scenes of destruction in every direc-
tion. The water rose fifteen feet and
overflowed everything. It has fallen ten
feet. Ten people are missing and the
bodies of four have been recovered, all
Johnstown people. The missing people
were from a crowd of from thirty to fifty
who stood on a stone bridge at Perry
street watching the rising water, regard-
less of danger until the bridge gave way.
The bridge was twenty feet high and fif-
teen or twenty feet wide. Most of those
thrown into the water were saved.

The sudden rise of Cayodette creek is
supposed to have been caused by a
cloudburst. Eight or nine bridges were
swept away. Two tanneries and dams,
electric light plant and many buildings
were damaged. The only wire out is a
telephone, over which this message is
sent.

The pecuniary loss is small, probably
\$20,000.

No one knows how many people are
drowned, or who are missing. The
flood was so great and the current so
swift that no help could be rendered
without great danger. Estimates vary
from six to thirty. The creek is being
dragged.

GREAT DAMAGE ELSEWHERE.

UENCA, N. Y., July 10.—The tracks of
the New York Central are washed away
at Fonda and Akin. Great damage has
been done to property, not only at Johns-
town but at all the towns from Mohawk
valley to Amsterdam.

FOUR LIVES LOST.

SCHNECTADY, N. Y., July 10.—There
is as yet no certainty of more than four
lives having been lost a Johnstown, and
these victims were on a bridge viewing
the flood after the storm. The bridge
dropped into the water, but was not car-
ried away.

This afternoon the tracks and bridges
at Fonda and Akin were sufficiently re-
paired to permit the passage of trains.
The total damage in the valley to mills,
bridges and crops will reach \$30,000.

A CLOUD-BURST IN NEW MEXICO.

ALBUQUERQUE, N. M., July 16.—Last
night a cloud-burst occurred on the
Santa Fe, a few miles above this city,
and all trains from the north, south and
west are delayed. The track for several
miles is washed away and two bridges
are gone.

It was the most violent cloud burst
that has occurred in New Mexico. Just
before the cloud burst occurred a violent
storm raged in the mountains and rain
descended, the water rushing down the
dry gulches in torrents. The rain sub-
sided when the cloud burst occurred,
washing miles of track away. Trains
will be moving east and west tomorrow.

Monday morning, Roland Johnson,
his wife and 14-year-old son Walter,
were found dead, and a daughter of 7
probably fatally wounded, in their home
four miles from Garfield, W. T. John-
son left a letter dated July 6, 12 o'clock
P. M., in which he acknowledges the
crime, giving for a reason that he could
not bear to have his loved family in this
wicked world, going to show that his
mind was diseased by religious excite-
ment. The first attempt was made with
strychnine, but a second letter, dated
several hours later, explains that the
children were taken with such fits that
he could not bear it, so he shot them.
Mrs. Johnson had died of poison, but
both children were shot in the head.
The deceased is an old settler. The lit-
tle girl was shot through the temples,
destroying both eyes. She is still lying
but with small chance of recovery.
